

Fall Preschool and Play Groups

All programs stress the needs and individuality of each child. Children practice decision-making skills, independence, self-discipline and respect for others.

Play & Learn — ages walkers-2 yrs.

There is tumbling, dance and fun activities with balls, hoops, scooters, songs, games, books and puzzles. Classes are held without parents.

Play & Learn — age 2 and ages 3-4

Children will enjoy tumbling, locomotor movements and dance, plus fun activities with balls, hoops, scooters, songs, games, puzzles and books. Classes are held without parents; however, family and friends are invited to participate in the first class of each session.

Children's Science Exploration — ages 3-6 yrs.

Experiment with hands-on science! Process information through fun sensory science activities as well as creating crafts. Participation in a variety of science exploration experiences.

Kids in the Kitchen — ages 3-6 yrs.

Kids learn to prepare recipes with hands-on mixing and measuring. Includes a keepsake booklet of art projects and recipes for each child at the end of the session.

Gym & Swim — ages walkers-3 yrs.

A combination of Play & Learn and swim class. One adult must accompany each child.

3-4 Year-Old Preschool — ages 3-4

Child must be toilet trained. A great start for the preschool years. Different themes and activities each week. Low teacher-child ratio. Curriculum based on the Creative Curriculum® for preschool with emphasis on Wisconsin Model Early Learning Standards.

4-5 Year-Old Pre K — ages 4-5

Prepares children for Kindergarten. Classes promote socialization skills and early literacy skills. Parent-teacher conferences twice a year. Curriculum based on the Creative Curriculum® for preschool with emphasis on Wisconsin Model Early Learning Standards.

Spanish Class — ages 3-6

Preschool years are a prime time to begin teaching children a second language. Children will learn vocabulary, the alphabet, colors, verbs and Spanish dialect in a preschool class setting.
