**It’s All Connected**
**VOLUNTEERS MAKE THE WORLD GO AROUND!** Behind the success of any great organization lurks the busy and invaluable support of volunteers. The YWCA is no different, and during the month of April we are saluting the many volunteers who donate hundreds of hours (often with no recognition) and their worth within a non-profit organization like the YWCA. From the husband and wife team that provide us with more painting, general maintenance and financial support than you could imagine, to the individual and teams of ladies that sort, steam and beautify the Career Closet and change the outlook and possibilities for thousands of women—you matter at the YWCA. I can’t thank you enough—It’s great time to be affiliated with this great organization. We invite you to have your life changed by volunteering at the YWCA.

Fondly,

Renita, CEO

Campaign of the Century:
100 Volunteers Contribute in April

Research suggests that volunteering gives you a sense of purpose in your contributions; builds personal relationships; and helps our community. This month we are asking community members to contribute to our Campaign of the Century’s goal of 100 new volunteers added to the YWCA’s ranks. Please visit our website to find out the many ways we are counting on you to increase our support for women, children and families as we help them to pursue their dreams! And, please consider a special financial donation to support the future of the YWCA by finding the focus that inspires your giving on our website and sending in a gift or donating online!

“The Women’s Empowerment Center would like to thank Tom for donating new and gently used women’s apparel and accessories for our Women’s Career Closet and Madison Street Boutique. Our volunteers filled 5 car loads and more than 10 storage bins of clothing, shoes and accessories. Tom, we are grateful for your generous donation and support of the YWCA’s mission to eliminate racism and empower women. We have seen firsthand how donations whether big or small, have impacted the lives of women in the Greater Green Bay community. As you are spring cleaning, please consider donating your new or gently used clothing and accessories to the YWCA’s Women’s Empowerment Center.”
