YWCA IS ON A MISSION

Group Fitness **LAND** Classes

Summer 2 | July 19– August 21, 2021

AIKIDO WEAPONS — This is a Japanese martial art nicknamed the Art of Peace. This self-defense art translates into on-the-mat and everyday life experiences. It is a true mind-body discipline and can be considered “moving Zen.” You will be working with a long staff (jo) and a wooden sword (bokken) and will learn the art of grounding, flexibility, stability, practice of falling and rolling safely, breathing techniques, calmness, handling conflict, standing up against aggression, focus, concentration, and more.

**New attendees can wear comfortable clothing of your choice. There will be wooden weapons available for you to use in on-site class. If you decide to become a regular attendee, we suggest that you will purchase a gi (uniform) and the wooden weapons for yourself.

****Free for members or \$5.00 for non-members.****

****In person and also a virtual option. Inquire with Susan.**

CARDIO & CORE — Get your heart pumping and muscles moving with a little variety using bands and weights. Rock your core!

GENTLE STRENGTH & MOVEMENT — This is a great class for those wanting a safe and smart workout for the whole body. Focus on range of motion, balance, core, and all-over muscle strength using a variety of equipment and a chair. Students can stand up or remain seated if they need to.

LUNCH CRUNCH — Geared toward the lunch crowd who wants a fast, fierce strength and core challenge in a short period of time. Get ready for a variety of functional, HIIT, challenging body weight only exercises, plyometrics, medicine balls, weights, bands, gliders, and more. Spend a little time with big results!

PICKLEBALL — A paddle sport created for all ages to play. The rules are simple, and the game is easy to learn. Bring your friends and have some fun! There is no instructor present, but the courts are available at the time(s) listed on the schedule.

****Free for members or \$5.00 for non-members.****

RISE & SHINE YOGA — Ancient practice that promotes relaxation, stress relief, balance, energy, and deep breathing. Join Cris for this early morning challenging workout to warm up and de-stress for the day.

STRENGTH & CORE — The foundation of good physical health is our strength and our core. Our instructor guides you through a challenging workout designed to build strength, balance, stability, good posture, and muscle tone using weights, bands, core balls, stability balls, gliders, chairs, and mats.

Why work out alone when you can do it with friends?

YIN YOGA & CHOCOLATE — Join Jane in this low-paced approach where the poses are held for a longer period of time in a relaxed manner. Yin Yoga targets bones, joints, and connective tissue and is great for gaining strength, overall flexibility, inner stillness, and harmony in the body. This workout will have you calm, connected and loving your practice. There's a little chocolate at the end, too.
